Égéo m'apprend une histoire que je ne connaissais pas. Mon père et Okto Dusapin s'étaient connus lors de différents stages de pilotage préparatoires à des vols spatiaux. Ils ont pratiqué un temps un sport hybride devenu olympique... Un mélange de boxe et gloire dans le dernier quart du xx<sup>e</sup> siècle... Mon père, bon aux échecs, se faisait régulièrement démonter à la boxe... Mais il aimait ça... Plus tard, Awden Marxoe engagea mon père, mais pas Okto Dusapin... Ils ne se sont jamais revus depuis cette période...
